

Thank you for your interest in making your next party a Go Kart Party!

We are here to help you put on the coolest, most original party ever! Our business is mobile, so we can set up anywhere in Sydney – in your backyard, a park, a hall, a school or a sports complex. Your kids and their friends aged 3-10 years will have an amazingly fun time.

Our four Go-Karts are battery powered, so they are silent running and pollution free. They run at a top speed of 6km/h and do not damage lawns or floors in any way. Being contained within an inflatable track, they

are totally safe and controlled. We supervise 'hands-on' the whole time, so kids as young as 3 years can have a drive, using the simples of controls.

You can relax while your children enjoy their first REAL driving experience!

The track measures 15m x 11m when it is fully assembled – about the size of half a basketball or tennis court. The Go Karts run smoothly on almost any surface indoor and out. Both the track and the Go Karts fit neatly into our custom-built trailer, making it easy to travel to your event anywhere in Sydney. We are fully insured and Work Cover approved.

# Birthday Parties

Our birthday party package includes:

One and a half hours of Go-Karting fun

Set up (1 hour) and pack up (1 hour) time

Hands on supervision as the kids race

Insurance cost

A Go Kart Drivers Licence for every child

Invitations and Thank You cards (optional)

As there are four karts and we change the kids over about every four minutes, there are 90 turns to share between the kids in 90 minutes, which suit most parties with up to 30 kids. Over 30 kids we recommend a 2.5 hour booking.

We will happily set up and run the Go Karts in your own back yard, however if you would like to put on a Go Kart Party but don't have the space needed (15m x 11m) you can always hire a space locally such as a park or hall. Many are free to the public. Please feel free to phone us for some suggestions in your area.

We supply invitations and personalised thank you notes for your party, and each child attending receives a Go Kart Party drivers licence to take home for excellent driving. We are happy to conduct a free site visit prior to your party to assess our best position and access etc.

On the day we arrive an hour beforehand to set up, and once all the children have arrived we gather them for a quick "Safety Talk" and then its time to drive! As there are only 4 Go Karts running at any one time, this gives the children time to eat and socialise between turns, but most are keen to line up and cheer on their friends!

Before we farewell, we gather the children again to congratulate them on their safe and impressive driving, and present them each with a Go Kart Party Drivers Licence which contains a space for you to add their photo! Many parents find this the ideal time to sing "Happy Birthday" and bring out the cake!

## Other Parties

Go Kart Parties make fantastic kids entertainment for any other special event, such as company Christmas parties, weddings & even 40th birthdays (Karts are still only for the children!)

Our Go Karts are a great option for entertaining the children as they are loved by such a wide age range of both boys and girls. Also, we personally supervise the children whilst they ride the Go Karts leaving you to entertain your other guests! So feel free to use your imagination, or give us a call and let us help you create the ultimate child and adult friendly celebration.

## Fetes, Shows & Events

Go Kart Party is available for short or lengthy bookings at all shows, fetes and events. Everything travels neatly in our custom built trailer, which means we can operate just about anywhere! We cater for schools, vacation care, churches and community festivals.

If you have any queries, or would like to find out more about Go Kart Party, please don't hesitate to get in contact with us.
